FREQUENTLY ASKED QUESTIONS**

Following is a number of frequently asked questions regarding chapter insurance coverage. This is intended to address some of the more common insurance questions. Chapters should contact the Pheasants/Quail Forever National Office if they have specific insurance questions not addressed here.

- Q:** What happens if an attendee or participant at an event (e.g., banquet, youth hunt, etc.) causes personal injury to another person and/or damage to another person's property?
- A:** Participants are not protected persons under this policy. Therefore, Pheasants/Quail Forever's liability policy would not protect the individual participant from personal liability. However, the chapter and volunteers involved with the event would be covered from liability.
- Q:** What happens if an attendee or participant at an event (e.g., banquet, youth hunt, etc.) is injured?
- A:** Liability coverage would protect the chapter and volunteers from liability associated with the injury of an attendee or participant at a Pheasants/Quail Forever event.
- Q:** Does Pheasants/Quail Forever's insurance provide coverage for a volunteer that is injured during the performance of a chapter habitat project?
- A:** Yes. If a volunteer is injured during a chapter habitat project, the incident must be reported to the National Office immediately so that the potential claim can be reported to the insurance carrier. Failure to report the claim in a timely manner may limit the coverage.
- Q:** Do chapters need to request proof of insurance from facilities that are hosting PF/QF events?
- A:** Yes. Chapters are required to request a certificate of insurance from any facility that is hosting a PF/QF event (e.g., VFW, Community Center, etc) to ensure that the facility maintains adequate insurance to cover liability associated with its own operations. Facilities that fail to maintain insurance on its operations could result in liability to Pheasants/Quail Forever for the facilities' obligations. (Example: a participant slips and is injured in the restroom at the local banquet facility due to a leaky pipe. If the facility does not have insurance and is unable to satisfy any claim or judgment related to the accident, PF/QF could be held responsible)
- Q:** Does Pheasants/Quail Forever General Liability insurance extend to contractors hired by the chapter to complete habitat projects (ex. mowing, grass planting, tree planting, etc.)?
- A:** No. Contractors hired by Pheasants/Quail Forever are responsible for their own actions and must obtain their own liability coverage. Chapters should obtain proof that the contractor has coverage by requesting a certificate of insurance.
- Q:** What happens if chapter equipment being transported causes injury to another person and/or damage to another person's property?
- A:** The personal automobile insurance of the driver of the vehicle transporting the equipment would be the primary insurance coverage. Pheasants/Quail Forever's general liability coverage would be in place in the event that the primary coverage was not sufficient.
- Q:** If a person or entity requests proof that the chapter has insurance, how can such proof be obtained?
- A:** A certificate of insurance can be obtained by contacting the National Office with the required information, including the name and address of individual or entity requesting the certificate, the type of event and the date. This request must be made at least 10 days prior to the event to allow sufficient time for our insurance agent to issue the certificate.

**Q:** Does liability coverage extend to prescribed burning activities conducted by a chapter?

**A:** Liability insurance does cover a prescribed burn under the following conditions:

1. There is at least two people on site of the prescribed burn that have received, at a minimum, S130 and S190 training certification from the National Wildfire Coordinating Group. Pheasants/Quail Forever will recognize other training programs in place of the S130 and S190 training on a case-by-case basis. Such chapter requests should be communicated to their Regional Wildlife Biologist or the Vice President of Field Operations. Proof of certification must be on file with the National Office of Pheasants/Quail Forever prior to the first burn being conducted.
2. A completed Prescribed Burn Authorization Form must be submitted to the National Office of Pheasants/Quail Forever prior to each burn being conducted.
3. A written prescribed burn plan has been completed that complies with either your State resource agency's standards or other appropriate authority. The prescribed burn plan has been filed with the appropriate agency or authority and the National Office has been informed where the prescribed burn plan is located.
4. All applicable local, state and federal permits and/or notifications have been obtained prior to conducting the burn.
5. Chapter has adequate equipment to properly control prescribed burn. This will be determined by QF Regional Biologist and prescribed burn plan. Basic equipment will include 500 gallon back-up supply of water and ability to transfer water. Backpack, ATV pumper units, and truck pumper units with adequate water supply to control prescribed burn. At a minimum one ATV with water supply, one truck with water supply and backpack water units for 50% of the fire crew. At minimum two drip torches, fire rakes or flappers for 50% of the prescribed burn crew. Three radios for communication. Protective clothing that meets standards for wildland fire fighting protective clothing (Nomex). First Aid kit on site.
6. Pre-burn checklist and crew briefing is completed, signed and dated.

Note: Failure to follow these requirements may result in coverage being denied.

**Q:** Does Pheasants/Quail Forever insurance cover damage to chapter equipment?

**A:** The equipment is covered only if the chapter has purchased property insurance coverage through the National Office. Refer to the Property Coverage Insurance form for specific terms, conditions and rates.

**Q:** Does Pheasants/Quail Forever Liability Insurance provide coverage if chapters loan or rent their equipment to landowners for their use?

**A:** Pheasants/Quail Forever Liability coverage would be in effect if the equipment is loaned or rented to a landowner for use in conducting a habitat project. Liability coverage would protect Pheasants/Quail Forever, the chapter and chapter volunteers (protected persons) from liability related to the use of the property, however, it would not protect the person to which the equipment is loaned or rented from any personal liability for injury that they may cause to themselves or another person, or damage to their own property or the property of another person. Rental of chapter equipment to persons for non-habitat related activities is prohibited and would not be covered (e.g., rental of an ATV to a person for recreational use).

**Q:** If a chapter rents equipment from another person or entity does Pheasants/Quail Forever insurance provide coverage if the equipment is damaged?

**A:** Yes. There would be coverage for equipment rented as long as the rental is short-term (less than 5 days), the rental agreement is written, and the equipment is valued at less than \$35,000.

**Q:** What should chapters do in the event of an incident that may result in an insurance claim.

**A:** Contact the Pheasants/Quail Forever National Office as soon as practicable (within a day). Even if you are unsure of whether the incident will result in an actual claim for either property damage or personal injury, the incident should be immediately reported to the National office. You will need to provide the basic information regarding the incident, including the date, time, location, persons involved, witnesses and a description of the incident. Failure to report a claim in a timely manner may result in a delay in processing the claim or denial by the carrier.
