### SCOPE OF WORK / TASKS

The Sage Grouse Initiative (SGI) is seeking experienced writers to help communicate the importance and success of this landmark initiative. As you can see on our website (<http://www.sagegrouseinitiative.com>), we have stories highlighting successful implementation of sage grouse conservation, articles that convey the complex science driving SGI (Science to Solutions), profiles of Initiative partners from non-profits to ranchers, and much more.

In an effort to expand our reach and increase publicity of the Initiative, SGI is seeking a pool of writers from which it can call on to develop content for stories, articles, the web, and other media.

SGI is also seeking writers who have the ability to write script and develop short videos to go with certain articles. The writer could team up with a videographer as part of a project, but would be expected to be able to produce a complete short video, as in this example of a rancher story with a video component:

<http://www.sagegrouseinitiative.com/idaho-rancher-tom-page-applies-lands-management-benefit-sage-grouse/>

To be considered for this pool, please submit your resume, at least three references, three examples of published work (web links are acceptable), and your hourly rate. If you have short video examples and wish to be considered for the “writing plus video” projects, please include 1-2 samples.

A response to this Request for Qualifications does not guarantee work will be awarded to you. Pheasants Forever may choose to award one contract, multiple contracts, or no contracts. Budgets range from \$400 for smaller projects to \$5,000 for larger projects. Contract values will depend on size, type, and number of projects awarded.

Note: The successful Contractor(s) will be required to submit the documents outlined in paragraph 5. Preliminary Requirements below within 30 days of contract award.
